CHANGEABLE POLITICIANS.

The political place hunter, who changes his opinions as the chameleon does its colors, to suit the surroundings, fancies the people are his creatures and can be used by him at all times as his interests may require. He gives the ordinary citizen, who has no motive in meddling with politics except his own and the general welfare, credit for no intelligence. If he thinks his chances for office are bettered by repudiating today the principles which he enunciated yesterday he does not hesitate to endorse or denounce what he condemned or commended. Nevada just now is afflicted with a number of these chameleon politicians. They seemingly care nothing for principle, and deny to-day what they asserted yesterday.

On the 30th day of last April a Republican State Convention was held in Virginia City. Colonel E. D. Boyle of Virginia City was Chairman of that convention and W. J. Sutherland was its Secretary. Delegates were in attendance from all parts of the State, among others A. C. Cleveland, M. D. Foley, G. F. Turrittin and Tremore Coffin. These gentlemen, without a dissenting voice, adopted a State platform which declared against the Administration of President Harrison for not enacting a law for the free and unrestricted coinage of silver. They further asserted that the restoration of silver to the place it occupied previous to the passage of the Mint Act of 1873 is essential to the prosperity of the country and paramount to all other considerations. They also resolved:

"That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any one to office who is not known to be unequivocally in favor of opening the mints of the United States to the free and unlimited coinage of silver."

Messrs. Boyle, Sutherland, Cleveland, Foley, Coffin and Turrittin then declared that not only themselves but the people of Nevada are unalterably opposed to electing any person to office who is not known to be unequivocally in favor of opening the mints to the free and unlimited coinage of silver. How do these gentlemen stand now? Colonel Boyle, the Chairman, and Colonel Sutherland, the Secretary, are proving the sincerity of their declaration by repudiating Harrison and supporting the Silver ticket. Mr. Cleveland is a candidate for Presidential Elector on the Harrison ticket, and Messrs. Coffin, Foley and Turrittin are exerting themselves to prevent the people of Nevada from doing what they declared they should do and advised them to do a few months ago.

If the restoration of silver to its old standard was essential to the prosperity of the country and paramount to all other considerations on the last day of April why is it not to-day? If Messrs. Coffin, Turrittin, Foley and Cleveland were unequivocally opposed at that time to elevating any one to office who was not unequivocally in favor of the free and unrestricted coinage of silver why are they in favor of electing Harrison now? Surely not because he is unequivocally in favor of the unrestricted coinage of silver, because he says in his letter of acceptance that he is not, and Senators Teller and Sherman say he would veto a free coinage bill. What then is the cause of the change? Were they sincere when they said free coinage was the paramount issue or are they sincere now when they say the contrary? Were they honest then in denouncing Harrison's anti-silver Administration and opposing the election of him or anybody else to office who is not unequivocally in favor of the free and unrestricted coinage of silver, or are they sincere in advocating Harrison's election and the defeat of the State Silver ticket? They are public men, some holding offices of profit and trust and others seeking offices, and their political acts are legitimate subjects of criticism. They asked the people early in the campaign to oppose Harrison and everybody else who was not unequivocally in favor of free coinage, now they urge the people to support Harrison, who is not unequivocally in favor of free coinage, and a State ticket that endorses Harrison against a Presidential and State ticket that is unequivocally in favor of unrestricted coinage; and more, they actually denounce men for adhering to the principles which they promulgated as those of the Republican party a few months ago. Has love of office and hope of promotion affected the

HIGH TIME FOR A NEW PARTY.

Two years ago the qualified electors of Nevada declared in the manner prescribed by the Constitution in favor of a convention to frame a new Constitution more suitable to the changed condition of affairs caused by the closing of mines. This demand of the people was ignored by the Legislature, a majority of whose members positively refused to comply with the wishes of their constituents. Assuming that they knew better than the people what changes were desired in the fundamental law of the State, this majority formulated and proposed twenty-seven amendments to the Constitution. The Constitution provides that proposed amendments shall be referred to the Legislature next to be chosen and shall be published for three months next preceding the time of making such choice. It is stated that this requirement has not been complied with and none of the proposed amendments can therefore be adopted, and it is hinted that the clique which controls the State Government did not intend that they should be.

Taking into consideration the manner in which the people of Nevada have for years been treated by those who should be their servants is it not high time, regardless of free coinage and all national affairs, that there should be a new party organized to deal with State affairs? The State Government has been conducted as if the people were slaves instead of sovereigns. The Legislature ignores their will, and a Board created by that Legislature, arbitrarily, increases their taxation 25 per cent. The provocation for a political revolution was never greater, and as the people are aroused, there can be no doubt of the result. The Silver party will obliterate the last vestige of boss rule at Carson next Winter and institute reforms which are as absolutely necessary for the welfare of the State as the free coinage of silver.

In his speech at Philadelphia, October 8, 1892, Senator Sherman of Ohio, who is close to the President, said "I believe President Harrison would veto a free coinage measure," yet pewier-pated politicians like Mr. Woodburn, Mr. Bartine and other members of the "Senatorial combine" who want office much worse than they do free coinage, endeavor to get the people to support Mr. Harrison.

Matters of Interest From Home and Abroad.

Dedication Ceremonies, Etc.
 LOUISVILLE, Ky., October 14.—Henry Waterson, editor of the Courier Journal, has accepted the invitation to deliver the dedicatory address at the World's Fair. He replied this afternoon to an urgent request from President Palmer, as follows: "The time is exceedingly short and I greatly fear I can prepare nothing adequate to the occasion, but the invitation with which you honor me comes under peculiar circumstances, surrounding the case as a command, and I act upon a sense of duty in accepting it."

CHICAGO, October 14.—With few exceptions the hotel keepers are not taking advantage of the demand for accommodations to raise rates. However, to the disgust of the Reception Committee, one of the largest hotels has taken advantage of the situation, and is charging exorbitant prices for accommodations, with four beds in a room.

The accommodations for the vast crowds that will assemble at the World's Fair dedication exercises in the colossal structure, known as Manufacturers' Building are rapidly nearing completion. There will be seating capacity for 40,000 persons with scarcely one-third of the building occupied for that purpose so that nearly 200,000 will find room in the aisles and other parts of the vast structure. Forty-seven carloads of new chairs for the spectators have arrived. Down town streets were full of wagons loaded with decorating material to-day. The committee which has charge of the arrangements of the dedicatory ball held a meeting in General Miles' office this afternoon and decided to sell no more tickets for admission. Three thousand have been sold already and that is the limit fixed. A military ball will also be held at which the attendance will be 10,000.

All along Michigan avenue windows are being offered for rent for the day of the parade, at astounding prices.

A \$50,000 Fire in Fresno County.
 KINGSBURY, Cal., October 14.—This town this morning suffered a most destructive conflagration. The loss is estimated at \$50,000, but probably will be found to be somewhat less. There is very little insurance. The whole block between Simpson, Draper and Mason streets was destroyed. This included most of the business buildings in the town and two residences. S. Davis & Co.'s general merchandise store was destroyed. The building and stock were valued at \$25,000. The adjoining buildings that were destroyed were occupied by a tin shop, three saloons, drug store, hall of Knights of Pythias, attorney's office and two dwellings.

The fire broke out in the furniture department of S. Davis & Co.'s store at 1 o'clock this morning and the entire block of business houses on the west side of town was burned. Following are the losses: Davis & Co., three buildings valued at \$15,000; no insurance; store and dwelling valued at \$25,000; insurance, \$15,000. A. E. Griffith, saloon fixtures valued at \$3,000; insurance, \$1,800. M. Nidefer, building and fixtures, \$2,500; insurance, \$1,625; occupied by J. L. Morris as a

saloon, value \$1,000; insurance, \$500. Tramm, Hooker & Co., building; no insurance; occupied by a Chinese restaurant; insurance, \$200. C. Robinson, office fixtures, value \$700; insurance, \$300; J. M. Purvis, building, value \$3,500; insurance, \$2,500; occupied by J. S. Fairbank as confectioner; insurance, \$3,000; George Knight, residence; no insurance. The origin of the fire is unknown.

 Two in three. Direction, Bell Flower, Czar, Sabina. Best time was by Direction, 2:13 1/4, which ties the world's race record for 3-year-olds.

The 2:27 trot was unfinished. Lee Russell took two heats, Andy Ouler and Sternberg each one. Best time 2:21 1/4.

Worried About Blaine.

WHITE PLAINS, N. Y., October 14.—Prominent Republicans, including Clarkson, Bliss, Manley, Carter and McComas, who were invited to meet Blaine at dinner at the Ophir Farm last night, returned this morning. None of the gentlemen would divulge what took place at the conference last night except to say that Blaine assured them he was loyal to the party and would do everything in his power to secure the election of Harrison and Ried so far as he was physically able. It is still an open question whether the ex-Secretary will make a public address during this campaign. It is thought, however, he will address a meeting in New York City before the end of the campaign.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which envelops ulcers in the eyes, ears, or nose, causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors," which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofula sore neck from the time she was 20 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." F. S. CASSELL, Fairbury, N. B. Be sure to get only

Every industry in the State is essentially depressed by reason of the scarcity of money caused by the demonetization of silver.

The Rocky Mountain News says: "Weaver lost no votes by going to Potosi. The South respects bravery at all times."

The Times-Review says "Stewart ought to have the support of every voter in Nevada in this great struggle for the remonetization of silver."

Eight carloads of beef cattle consigned to Grayson, Owens & Co., Oakland, were shipped west yesterday. The cattle were shipped from Carlin.

A bet of \$100 to \$50 was made here yesterday and the money placed on deposit in the First National Bank that Weaver will get more votes in Nevada than Harrison and Cleveland combined.

The Potosi Plates have given up the idea of carrying Nevada for Harrison and are going to store for private use the money contributed by Wall street to get Nevada to vote against its own interests.

The members of the Stewart and Newlands Club have stretched a banner across Virginia Street at the junction of Second.

The Silver men do not do things by halves, and, of course, the banner is a war one.

B. H. Lindsey is fighting for the people in Washington. The Seattle Telegraph says he addressed a large and enthusiastic audience in that city last week, and made a forcible and logical speech which was highly appreciated.

The Elko Independent says there was a rousing meeting at Carlin. The people were out in full force and listened to rousing speeches from Hon. Francis G. Newlands and Hon. Thomas Wren. Carlin will give nearly a solid vote for Weaver and Field.

Under Wall street rule in the White House millionaires and tramps are increasing. Thirty years ago there were no tramps and only two millionaires in the United States. Now there are 31,000 millionaires and 2,000,000 tramps in the country.

Wren and Newlands, the one a candidate for Presidential Elector and the other a candidate for Congressman on the Silver ticket, will address the citizens of Reno on the issues involved in the campaign next Monday evening. They are staunch and able advocates of the silver cause and understand the subject.

The Times-Review says: "There is a howl of indignation from one end of the State to the other over the State Board's horizontal raise of 40 per cent. The property of two-thirds of the taxpayers has been assessed to its full value, and it is simply an outrage and burden to add a valuation of 25 per cent."

The Sixty Second Conference of the Mormon Church has just closed at Salt Lake City. The reports of the various stakes in Utah, Idaho, Wyoming, Colorado, Arizona and New Mexico showed a total membership of over 300,000. It was decided to dedicate the new temple April 6, 1893. The temple was commenced over forty years ago and cost \$2,500,000.

In Colorado as in Nevada Harrison men and Cleveland men were delighted with the result of the election in Georgia where the "colored man and brother," voted the straight Cleveland ticket. Commenting on this the Denver News remarks: "Funny, is it not, Colorado Harrison papers rejoicing at Democratic victories down South? The two old parties are one in sympathy."

The Wadsworth Dispatch says a woman named Miss Eva Holmes aged 20 years, from Beaver Falls, Minnesota, was taken off the west-bound train to the Nevada House last Saturday in the last stages of consumption. Dr. Jackson was called to attend her, but she died in a few minutes. Undertaker Sanders of Reno embalmed the body and it was shipped East to Minneapolis.

NOTES FROM THE CAPITAL.

What an Old Time Resident Says of the Political Situation.

CARSON, October 13, 1892.

EDITOR RENO JOURNAL:—If anything could have occurred that tends to convince me that I have acted a manly part in retiring from the advocacy of certain party politics, the personal of the report in your paper of this morning was sufficient. On reading the same I felt a pride that the best men of the country; the men who have assisted in building up so prosperous a business town, and will make a city of the same within another two or four years, have ignored party ties and come boldly forward as advocates of the rights of the sovereign people.

I find in my wanderings through this and adjoining counties that party politics are utterly ignored, except, perhaps, among a few office seekers or capitalists. I find in Carson Valley a fast growing monopoly, ruled by State officials and their employees; I find a lovely valley, through which runs a wondrous mountain stream, in a state of antagonism which would surprise anyone who had no opportunity of learning the sentiments of agriculturists, who, above all people, should not in harmony, but one thing I dare assert; that all realize the fact that nothing but the remonetization of silver can aid the tillers of Nevada's soil.

Two years ago, a resident of Ormsby county was elected Senator for Douglas county, and that by re-registration. A citizen of Mono county, California, was elected to represent Ormsby county in the Senate and why should not the sovereign people band together and with one accord support the people as against the thieves who have so long dominated the politics of the State?

Say the valley folks: "If Bartine had have asked a renomination to his present position, we might have supported him, but when he aspires to the seat so ably occupied by our grand old time Senator, we cannot. No, no, Mr. Bartine, you can not aid us and the G. O. Man can."

I feel certain that if F. G. Newlands will pay attention to the property owners of Carson, Mason and neighboring valleys, he will secure their votes, as he will in Ormsby county, for he is at least a gentleman and not a bar-room orator, and needs but to be known to command respect.

The People's party of Douglas county have made excellent nominations and I feel sure it will win. Stewart will have a very large vote in that section from the fact that the popular belief is that none but he can handle the all important question. There is a mixed community in the valleys referred to, but as a rule the farmers are intelligent as well as prosperous.

Success to the People's party; a long time has such an organization been needed, and could our grand old Pacific Coast orators come back from spirit land, could Colonel E. L. Baker of California, and old Jim Nye and Charley DeLong, come down, or up, from their last resting places, they would be in the foremost rank of the new party.

Of all the legislative tickets that Ormsby county ever had thrust on it by the Bartine party, the present one ope the climax.

THE PUBLIC SCHOOLS.

Preparing to Celebrate Columbus Day.

The Public Schools are preparing to celebrate Columbus Day in a manner appropriate to the occasion. The pupils are being drilled and rehearsals are being had in the exercises. Yesterday afternoon about one hundred and sixty pupils—about one-half the number in the High School—participated in the drill on the school grounds and marched by fours with military precision under command of Principal Bray, making a very imposing spectacle. After the drill the pupils assembled in Mrs. Doten's and Miss Hall's rooms, where Miss Hollingsworth accompanied on the piano nearly three hundred children, whose voices fresh and sweet rang out in the chorus of the "Star Spangled Banner," and made one feel that the rising generation would hold the old flag high over the land of the free.

It is to be hoped that there will be a general attendance, not only of parents and guardians, but of the public at the Columbian Day exercises at the Public Schools.

Prohibition Rally.

Armory Hall was comfortably filled last evening with those who wished to hear the doctrine of the Prohibition party expounded by Rev. J. W. Pendleton. Proceedings were opened by a song from the choir, after which the speaker of the evening was introduced by E. W. Taylor. Mr. Pendleton is an entertaining orator and held the attention of his audience for over an hour. He was many times interrupted by applause. His arguments were very forcible and he shows commendable courage in making a campaign in this State, where the following of the Prohibition party is so few in number.

The Secretary of State has certified to County Clerk Perry the names of all the Presidential electors, candidates for Congress and State officers to be voted for at the ensuing election. The Silver ticket is the only one that has a full ticket of candidates. The bolting Republican convention made no nominations for Supreme Judge or Regent of the State University, for the short term, and the nine bolting Democrats made no nomination for Supreme Judge. The Prohibitionists nominated electors and Congressmen.

A CRANK

is constantly turning the world, keeping it in commotion. His vigorous exercise keeps the whole body active. But it's the constant going that wears. You've no time to rest, no time to eat, and hardly time to live. It's miserable living at the best. Constant indignation, bitterness and constipation. The body crank needs attention. Keep the liver active with Simmons Liver Regulator, and you can go as much as you please.

THE SITUATION AT LOVELOCKS.

Practically Solid for Silver.

A JOURNAL correspondent writing from Lovelocks says he has taken pains to ascertain the political status of the place. The leading men of the town and farmers from the adjacent ranches are unanimous for the Silver ticket. He has yet been unable to find who is not going to vote for Weaver and Field and they are also unanimous for Stewart and Newlands. There are about one hundred and fifty voters in the precinct, and the highest estimate made of the Harrison and Cleveland vote combined is seven, and well informed persons say it will not exceed two, and it is expected that Newlands will convert them by showing them the errors of their ways.

The Silver League held a meeting to make arrangements for the reception of Mr. Newlands, who spoke at Lovelocks last night. There is no goldbug opposition, and the Silver men have everything their own way.

Central and Eastern Nevada representatives will show no favor in the next Legislature to any western county that is not in line with the movement. Washoe should therefore see to it, if it wants appropriations for the University, State Fair or anything else, that its legislative delegation is in accord with the people. Silver men out this way are determined, and as the Legislature is certain to be controlled by them they will show the goldbug counties, should there be any, no favors.

BETTER THAN A SAVINGS BANK.

If you have faith in the future prosperity of the city of Reno, Nevada, invest in well located town lots and you will surely double your money in the next few years. If you cannot buy a lot yourself you can take stock in the Reno Real Estate and Investment Co., and participate in the investments that this corporation will make. The company proposes to purchase centrally located property and erect suitable buildings thereon, obtaining immediate revenue from rents and receiving all benefits from increase in values.

Francis G. Newlands, the Silver candidate for Congress was announced to address the citizens of Winnemucca night before last. In face of that fact, and also that every man, woman and child in the town, with one or, at the most, two exceptions, are for the Silver ticket, William Woodburn, the Harrison anti-silver candidate for Congress advertised to speak there on the same night. The result has not been telegraphed but it can readily be imagined.

Still Growing.

A glance at the map of Powning's Addition shows that with but very few exceptions all of the most eligible lots have been sold. Along the entire river front, or Riverside Avenue, there are only three corners left, while on Second street there are but four that are not sold. People wonder how it happens, but Reno keeps on growing just the same, and those who are still hunting bargains should buy a lot in Powning's Addition while lots are yet reasonable.

German Syrup

Martinsville, N. J., Methodist Parsonage. "My acquaintance with your remedy, Boschee's German Syrup, was made about fourteen years ago, when I contracted a Cold which resulted in a Hoarseness and a Cough which disabled me from filling my pulpit for a number of Sabbaths. After trying a Physician, without obtaining relief—I cannot say now what remedy he prescribed—I saw the advertisement of your remedy and obtained a bottle. I received such quick and permanent help from it that whenever we have had Throat or Bronchial troubles since in our family, Boschee's German Syrup has been our favorite remedy and always with favorable results. I have never hesitated to report my experience of its use to others when I have found them troubled in like manner." REV. W. H. HAGGARTY, of the Newark, New Jersey, M. E. Conference, April 25, '90.
